Lighting with flexible LED arms

The Macro Arm Light is your portable lighting system, letting you add precise accents to your close-up photography. Snapped into your camera's Accessory Port, the Macro Arm Light has two 17cm-long, flexible LED lights that you can adjust independently of each other to shed light where you need it. The perfect accessory for internet sellers or anyone who wants to take excellent pictures of small indoor objects. Pair it with the MCON-P01 Macro Converter to turn your PEN into a completely portable macro studio!
